DANCE FLOOR

The perfect dance floor that appears in minutes. It will adapt without fuss to match your requirements. It is always immaculately presented and performs to your every expectation every time. This quick and easy flooring system takes on average half the time to lay than comparable flooring systems (a 12' x 12' can be laid in approximately nine minutes). It is parquet topped and aluminium frames and edges make it easily cleaned. It is safe and robust with no unsupported joints. The heavier the load the tighter the joint and exterior grade plywood base permits outside use.

Quite simply this is the quickest and the easiest Portable dance floor to use. Ideal for any occasion.

Code No	2050
SAMPLE SIZES	HIRE CHARGE
12' x 12'	£ 62.40
15' x 12'	£ 78.00
